

# Cormorant Catamaran

# Cormorant Catamaran 4 Days Itinerary

Day	Activities
1	<b>San Cristobal Island and Kicker Rock:</b> Upon your arrival to San Cristobal Airport, you will be transferred to Cormorant Catamaran. During the afternoon, after lunch, your first visit will be to Kicker Rock, a striking rock formation, located a couple hours off the western shore of San Cristobal. Jutting out of the water, the rock stands vertically at hundreds of feet above the ocean divided by a small channel. This place is perfect for kayaking or snorkeling.
2	<b>Suárez Point and Gardner Bay:</b> At the beginning of this day, your first visit will be to Española's Island Suarez Point, where you will visit the blowhole where water sprays high into the air. A hike to the top makes a great opportunity to take spectacular pictures. You can also watch sea lions, sea birds, Marine Iguanas, and waved albatrosses if your are lucky enough. During the afternoon, you will visit Gardner Bay, home to a large and varied wildlife population, like boobies, frigate birds and sea lions. This will also be a great place for snorkeling and swim. After this activity, dinner will be served onboard.
3	<b>Cormorant Point and Champion Islet:</b> After breakfast, you will head to Floreana Island, Post Office bay, that was established in 1793 by British whalers to send letters to and from England, and even today, visitors have the opportunity to send letters of their own. Then you will head to Baroness viewpoint, where one of the first colonizers of the islands, Baroness Eloise von Wagner used to reside. Then, head to Cormorant Point where you will be welcomed by a small Galapagos sea lion colony. You will also visit green sand beach that contains olivine crystal, and a white coral sand beach, and also a flamingo lagoon. Afterwards, you will visit Champion Islet, considered one of the most beautiful places on Galapagos for all snorkeling and diving.
4	<b>Twin Craters:</b> Early in the morning, the yacht will land at Santa Cruz Island, and you will visit Twin Craters, two colapsed lava domes that now form the most amazing landscapes at Santa Cruz Island. After this activity you will be transferred to Baltra Airport and take your flight back to the continent.
