# Galapagos Sea Star Journey 6 Days Itinerary C

Day	Activities
1	<p><b>Santa Cruz Island:</b> Upon arrival to the airport in San Cristobal Island, you will be transferred to Galapagos Sea Star Journey Ship. After settling in the yacht and lunch, you will head to the first visiting site, Charles Darwin Research Station at Ayora Port, where you will learn about the conservation efforts that have been made to preserve species like the Galapagos Giant tortoises at the archipelago, and where you will also visit the breeding and rearing center for young tortoises and adult Galapagos Tortoises. After this activity head back to the yacht for dinner and rest.</p>
2	<p><b>Isabela Island:</b> First activity of the day will be heading to Isabela Island and taking a zodiac ride to a place called Tintoreras Islets, where you will be able to see, a mangrove ecosystem and the white-tipped reef sharks that inhabit this place, called Tintoreras, hence the name of this visiting point. In the afternoon, you will land at Isabela Island, and after a brief bus ride you will arrive to Sierra Negra Volcano and take a hike to its crater, which is one of the most fantastic views of the entire archipelago. After this activity end of the day and dinner onboard.</p>
3	<p><b>Moreno Point and Elizabeth Bay:</b> Early in the morning you will visit Moreno Point on the north site of Isabela, this place is characteristic because of the lava flow that formed a trail of solidified lava, which is very interesting to see. There is also a system of complex lagoons where several unique species of birds can be found. In the afternoon, you will take a zodiac ride to Elizabeth Bay, and you begin with a visit to Marielas Islets, where the largest colony of sea penguins resides, and continue to a cove surrounded by mangroves, where you will spot eagle rays and sea lions.</p>
4	<p><b>Espinoza Point and Tagus Cove:</b> After breakfast, the cruise will head to Fernandina Island's single visitor point, Espinoza Point, where you will see one of the largest group of marine iguanas in the entire archipelago, and where you can also find species like the flightless cormorant. In the afternoon, you will visit Tagus Cove. The tour will take place along the cliffs, where you will have the chance to see Galapagos penguins. You will also go to a hike to Darwin Lake, a saline lake, where you can also see the graffiti that buccaneers and pirates left here in past centuries. End of the day and dinner onboard.</p>
