

**Grand Queen
Beatriz
Catamaran**

Grand Queen Beatriz Itinerary 5 Days A

Days	Activities
1	Charles Darwin Research Station: You will arrive at Santa Cruz Island's Airport and be transferred to the harbor to get onboard Grand Queen Beatriz Catamaran. Begin your journey with a visit to Charles Darwin Station to learn about the protection and conservation of the island, where you will visit the Breeding and Rearing Centre for young tortoises and adult Galapagos tortoises in captivity. After this activity head back to the yacht for dinner..
2	South Plaza and Santa Fe Island: First activity of the day will be landing on Santa Fe Island, which is a great place to snorkel and swim along sea lions. This place is also the home of endemic species like the Galapagos Hawk, Galapagos snake and a variety of finches. In the afternoon, after lunch, you will head to South Plaza Island where you will see various species of land iguanas, marine iguanas and hybrids of this species, and also a nice colony of sea lions. After this activity, dinner will be served onboard.
3	Suarez Point and Gardner Bay: Early in the morning the yacht will take you to Gardner Bay, which will be a great opportunity for snorkeling and swim. After lunch head to Suarez Point on Española Island, that is a basaltic cliff which forms a blowhole where water sprays high into the air. A hike to the top makes a great opportunity to take spectacular pictures. You can also watch sea lions, sea birds, Marine Iguanas, masked and blue footed boobies, and maybe waved albatrosses. After this activity, dinner will be served onboard.
4	San Cristobal Island: The first activity of the day will be the visit to Pitt Point, a volcanic hill, where a great variety of sea birds have their nests. You can also practice snorkel at Kicker Rock, also called Leon Dormido which is a magnificent rock, and its shape resembles a sleeping lion. After lunch, head to Isla Lobos to take a dinghy ride and watch the two species of sea lions that inhabit this place. End of the day and dinner onboard.
5	San Cristobal Interpretation Center: After breakfast, you will head to San Cristobal Interpretation Center, where you will learn about the colonization of the Islands, their Natural History and conservation efforts that have been made to preserve the species. After this visit, you will be transferred to the airport to take your flight back to the continent.
