

Seaman  
Journey  
Catamaran

# Seaman Journey Catamaran Itinerary 15 Days F1

Day	Activities
1	<p><b>North Seymour:</b> Upon arrival to the airport in Baltra Island, you will be transferred to Seaman Journey Catamaran at the bay. After settling in the yacht and lunch, the first visit will be to North Seymour an uplifted island, where you will be able to see Galapagos sea lions, blue footed boobies and magnificent frigate birds which are abundant on the Island. After this activity head back to the yacht for dinner.</p>
2	<p><b>Genovesa Island and Darwin Bay:</b> Early in the morning, head to el Barranco on Genovesa Island, where you will walk through a trail to a cliff form which you will have an amazing view of the island and is also a nesting site for storm petrels. During the afternoon, you will visit Darwin Bay. This bay has its origin when the crater of this island collapsed below sea level. This is a great site for birdwatchers, that allow various species to be seen, such as red footed boobies, masked boobies, wandering tattlers, lava gulls, whimbrels, yellow-crowned, and black-crowned lava herons, and yellow warblers.</p>
3	<p><b>South Plaza and Santa Fe Island:</b> First activity of the day will be landing on South Plaza Island where you will see various species of land iguanas, marine iguanas and hybrids of this species. In the afternoon, after lunch, you will head to Santa Fe Island, which is a great place to snorkel and swim along sea lions. This place is also the home of endemic species like the Galapagos Hawk, Galapagos snake and a variety of finches. After this activity, dinner will be served onboard.</p>
4	<p><b>Jacinto Gordillo Breeding Center:</b> Early landing at San Cristobal Island, where you will visit Colorado Hill and Jacinto Gordillo Breeding Center, that was established here with conservation purposes for Galapagos tortoises. After lunch, you will visit San Cristobal Interpretation Center, the oldest museum of Natural History in Galapagos, where you will be able to learn about the formation and colonization of the island and the conservation efforts that have been done during the last years to preserve the endemic species of the archipelago.</p>

Day	Activities
5	<b>Witch Hill and Galapaguera:</b> Early in the morning head to the Galapaguera at San Cristobal Island, which is a good place to observe Galapagos tortoises in its natural habitat. After lunch you will visit Witch Hill, a beautiful white coral beach where you can swim and snorkel. You can also watch various species like blue-footed boobies, Nazca boobies, herons, frigate birds and shore birds. Furthermore, you will see the Galapagos turtles and with luck, the little bird known as the Pájaro Brujo in Spanish, an endemic species in San Cristobal Island.
6	<b>Suarez Point and Gardner Bay:</b> After breakfast, you will land at Gardner Bay in Española Island. This place offers you the opportunity to swim, kayak or just relax at the beach. You can also observe sea lions from close, and sea sharks swimming along the bay. In the afternoon, head to Point Suarez, a basaltic cliff which forms a blowhole where water sprays high into the air. A hike to the top makes a great opportunity to take spectacular pictures. You can also watch sea lions, sea birds, Marine Iguanas, masked and blue footed boobies, among others. After this visit, head back to the yacht for dinner.
7	<b>Cormorant Point and Post Office Bay:</b> Early in the morning, head to Floreana Island, your first stop will be Cormorant Point, where you will be welcomed by a small Galapagos sea lion colony. You will also visit green sand beach that contains olivine crystal, and a white coral sand beach. You can also practice deep water snorkeling at Devil's Crown, home to an abundance of fish and marine animals. After lunch, the yacht will take you to Post Office bay, that was established in the 18th century by British whalers to send letters to and from England, and even today, visitors have the opportunity to send letters of their own. End of the day and dinner.
8	<b>Charles Darwin Station:</b> The first activity of the final day will take place at Santa Cruz Island with a visit to Charles Darwin Research Station where you will learn about the protection and conservation of the island, and visit the Breeding and Rearing Centre for young tortoises and adult Galapagos tortoises in captivity. After lunch you will head to Santa Cruz Highlands to see the Galapagos giant tortoises roaming freely in their natural habitat.

Day	Activities
9	<b>Mangle Point and Moreno Point:</b> After breakfast, you will disembark at Fernandina Island, specifically Mangle Point, which is a perfect site for snorkeling and a nice location for riding a zodiac through a grove of mangrove trees, where you will spot sea lions, tortoises, pelicans, among other species. Next activity will be heading to Moreno Point, located between volcanoes Sierra Negra and Cerro Azul, where you will take a trail along a solidified lava flow, to a coastal lagoon where several species of birds can be found.
10	<b>Urbina Bay and Tagus Cove:</b> The first visit during this day will be to Urbina Bay, located at the base of Alcedo Volcano. This is a great place to snorkel, and spot native species like land iguanas, Darwin's finches and Galapagos Tortoises. After lunch, you will head to Tagus Cove, located west of Darwin Volcano on Isabela Island and used to be a favorite hiding spot for pirates and whalers. After this activities head back to the yacht for dinner.
11	<b>Espinoza Point and Vicente Roca Point:</b> Early in the morning you will head to Espinoza Point at Fernandina Island, that is one of the youngest islands with the most active volcano, and where you can spot pelicans, marine iguanas and flightless cormorants. During the afternoon, head to Vicente Roca Point, this site is a large bay with spectacular sea life. Keep an eye out for seahorses, sea turtles, and the strange yet fascinating Mola mola (or sunfish). After the end of the activities head back to the yacht for dinner.
12	<b>Espumilla Beach and Egas Port:</b> Early in the morning, head to Espumilla Beach where you can see playful sea lions, fur seals and various species of seabirds. This is also a good place to snorkel. Next visit will be to Buccaneer Cove, which is a testament to the fact that Santiago Island was once a refuge for British buccaneers. After lunch, you will go to Egas Port, also known as James Bay, on Santiago Island, which main attraction is a black sand beach, and is also home to the curious Galapagos hawks and quick-footed Galapagos lava lizards.
