

# Angelito Yacht

# Angelito Yacht Itinerary 5 Days A

| Days | Activities  |
|------|---|
| 1    | <b>Baltra and North Seymour:</b> Begin your journey after landing at Baltra Airport and heading to the harbour where you will board Angelito Yacht. After lunch, the experience will start at North Seymour, arriving at its rocky coast, where you can watch sea lions, swallow tailed gulls, sally light foot crabs and marine iguanas. The trail that will lead you to the nesting area of colonies of blue footed bobbies and frigate birds. Return to the yacht and dinner.  |
| 2    | <b>Chinese hat and Bartholome:</b> Early breakfast and sail to Sombrero Chino in Santiago Island, the shape of this Island looks like a Chinese hat, hence its name. The wet landing will take place on a small white coral beach with sea lions. Lunch onboard. Continue your journey at Bartholome island. You will get a spectacular view from the top of the island. You will also have the possibility for snorkeling around the pinnacle rock. During the late afternoon you will go with the dinghy to look out for Galapagos penguins.  |
| 3    | <b>Darwin Bay &amp; Prince Philip Steps:</b> After breakfast, head to Isla Genovesa - Darwin Bay, and land on a small beach made of coral sand. You will see red mangrove along the coast and a prickly cactus that only grows on Genovesa. You will also see swallow tailed gulls and red footed boobies, along with frigate birds. Lunch onboard. You continue your journey to Prince Philip's steps, which offer the possibility to climb the steep basaltic cliff, and a trail that leads to a small nesting colony of masked boobies and crosses a dense forest of palo santo. You will also see small petrels and short eared owls. Return to the yacht and dinner. |
| 4    | <b>Puerto Egas and Rabida:</b> The day begins at Puerto Egas, with the wet landing on a black beach, then you take a trail to see Galapagos sea lions and marine iguanas. And at the turning point of the trail you will watch a Galapagos fur seal colony. Lunch on board. Continue your activities at Rabida Island, that looks red due to containing ferric oxide of the lava and its recent formation. Here you will see one of the biggest Galapagos sea lion colony, and also a small lagoon with flamingos and white cheeked pintail ducks (depending on season).  |
| 5    | <b>Santa Cruz Island:</b> The journey ends at Santa Cruz Island, where you will visit the Charles Darwin Research Station, to learn about the scientific work taking place in the National Park. You will also observe the Galapagos tortoises up close. The trip ends with transfer to the airport for your flight back to the continent.  |
